

## Team updates

We still have the same smaller team in June but we did start using a guy on Fiverr to make better featured images.

Current team myself, main VA, part time VA, proofreader, 3 writers on this site and video editor and Voice Over lady.

## Progress this month

#### Popcorn content stats

#### Theme of choice

You can see a lot of detail on this cool feature which is **FREE** inside the theme we use.

Popcorntheme which is a theme I helped develop, has saved us hours in editing and we don't need plugins like: Wordcounter, Amalink Pro for products, Block builder plugins, and much more..

This speeds the site up and saves on monthly subscriptions. Which I hate paying!

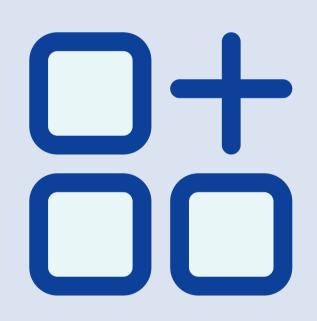

Take a look at all the features available in Popcorntheme and use this code to get 10% off the purchase price at the checkout. (Carl10)

## What we did this month

Focusing on swapping out travel affiliate widgets for text links

Better internal linking, updating some posts with more sub-headings and FAQ's

Experimenting with video to blog post using Koala.AI and GPT4

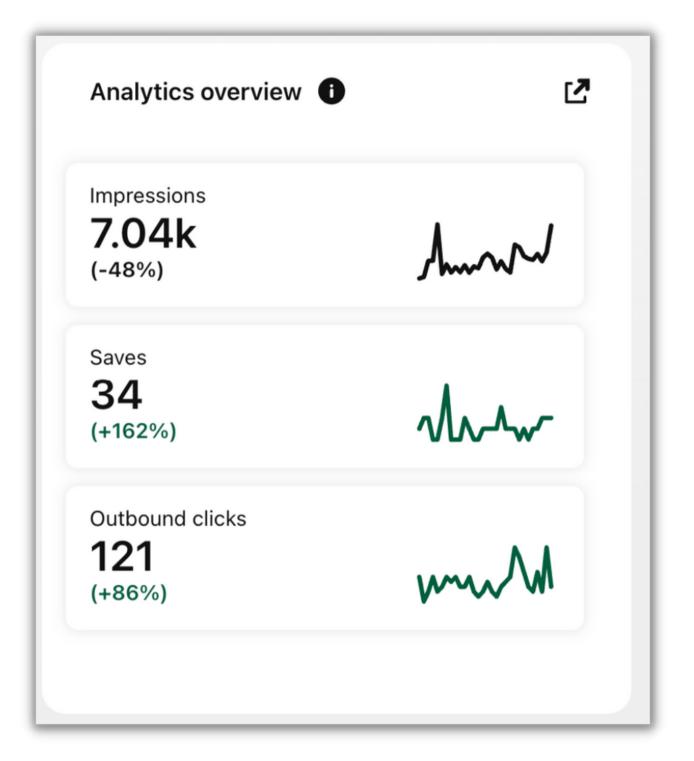

## **Pinterest**

interest is growing even though we have slowed on adding pins.

Now above <u>120+ organic visitors</u> a month. I'd like to find someone to help grow the boards.

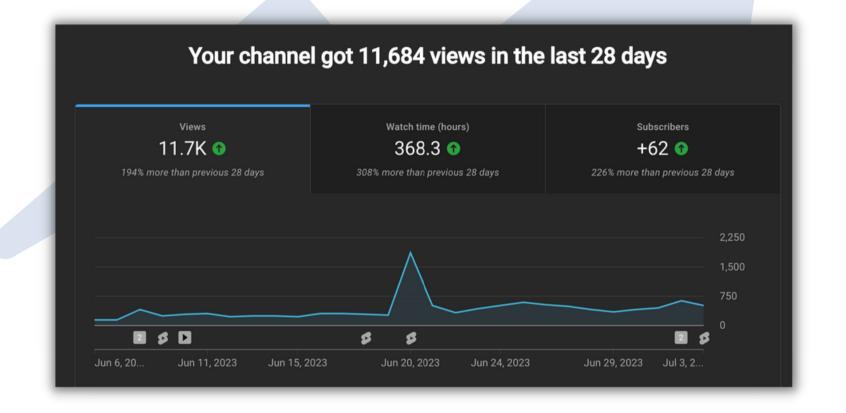

## YouTube

YouTube is growing steadily now. Getting 1-2 subscribers per day. Over 170 currently.

Adding 4-5 videos per month at the moment. Using shorts to drive subscribers.

## TikTok

Not alot happening. All my TikToks seem to get 200 views and then die? Not sure why??

## June came back strong

May was really bad, I have no idea why but June came back strong.

There has been some Google updates and they seem to have been in our favor.

June was 49,100 which was 14.16% up on May and in the first week of July we finally hit 50k for the first time.
